

STROLLING STATIONS

All Station events include china, silverware and napkins, a beverage station of raspberry ice tea, lemonade and ice water with clear plastic cups, and then you customize with your choice of 3 or more stations. We will work with you to create perfect station selections for your special event! (Minimum 50 people for stations)

Food Stations are a great option for a mingling event with lots of food varieties and a casual elegance for you and your guests. There are many factors which make station events different than Buffets. With a Station event, guest dining tables do not have formal place settings, rather, small plates and silverware are available at each station. There is not a specific time to release guests to the stations, as guests can begin when they choose, after stations open. Stations typically stay open for 2 hours, giving guests ample time to dine at their own pace, while visiting with other guests.

Add Mediterranean Grazing Board to any station for \$5/person

Add Fruit & Cheese Grazing Board to any station for \$4/person

Add Breads & Spreads Grazing Board to any station for \$3/person
